DISASTER MANAGEMENT
CITY OF BOULDER • BOULDER COUNTY

DISASTER PREPAREDNESS CHECKLIST

- [ ] Register for emergency alerts.
  - Sign-up at www.bocoalert.org and/or by downloading and using the ReachWell app.
  - *Both of these options will get you the same emergency alert information, but in a different format (BOCO Alert comes through text, phone call, and e-mail, while ReachWell app delivers the same emergency alert information through a phone app).

- [ ] Create an evacuation plan – this should include at least two types of transportation you could use, multiple routes you could take, and where you would stay or meet up with loved ones.

- [ ] Create a grab list of irreplaceable or critical items that you would want to take with you during an evacuation.

- [ ] Create an emergency kit – this can consist of things like non-perishable food, water, a headlamp, backup battery for a phone, a weather radio, tools, etc. – and is useful during evacuation, power outage, shelter-in-place, or any type of incident.

- [ ] Review your insurance policy, and ensure you have adequate coverage.

- [ ] Make a video or photo inventory of your property and belongings.

- [ ] Mitigate your property – for wildfire specific mitigation support utilize the free home assessment programs offered through Wildfire Partners, or Boulder Fire Rescue.
